District H.S.A. Meet Airs Problems

The Alberta Federation of Home and School held its South-Central conference in the Didsbury school auditorium Saturday and was highlighted by a number of Home and School officials from different parts of the province.

Rev. T. Northup of Irricana, resolutions chairman of the federation, spoke on the meaning of Home and School.

The H.S.A. on the local front means a neutral ground where parents and teachers can get acquainted. They learn to appreciate each other and work together on projects of mutual interest and common concern. It is the best avenue and organization to co-operate with local and divisional boards, Mr. Northup said.

The speaker mentioned that beyond the local group there are over 600 local organizations with over 30,000 members in Alberta.

Rev. Northup mentioned the national body of the federation has over 4,000 locals with a total of 300,000 members.

Following Rev. Northup's talk Mrs. Lorne Frey of High River led a buzz session in which she pinpointed some of the local problems and objectives. She said that generally speaking the fathers don't take the active interest in the association that they should.

During the noon hour the visitors were guests of the local W.C.T.U. organization.

During the afternoon session G. K. Haverstock and Mrs. Frey gave a skit displaying audience appeal. This was followed by a lively discussion of pertinent and timely

material on H.S.A. programming, making use of educational pamphlets, skills, preferably home written, to add zest to the H.S.A.

Five H.S.A. locals: Hainstock, Kathryn, Garrington-White Creek, Olds and Didsbury took part in a discussion of local problems.

The main speaker of the afternoon was Dr. A. L. Doucette, director of the U. of A. Calgary branch. He said, "Education in the classroom is a very narrow view point. Problems that face us today are increased enrolment, and insufficient money and classroom space; inadequate attention by pupils, and cheating the gifted child by spending too much sympathy on slow learners."

Included in Dr. Doucette's address, and we quote:

"In Canada five out of 1000 go to university, paying their own while in Russia 20 out of 1000 go to university and their way is paid."

"We have entered the jet age and need to review our educational programs and decide what we want the schools to teach our children."

He stressed the need of a teacher recruitment program and retention program and said that we should be able to pay as highly for brains as we do for movie actors and football players.

Rev. T. K. Palmer led in the opening prayer. Mayor H. H. Lynch-Staunton gave the address of welcome. Mrs. Frey brought greetings from the Alberta Federation to the Conference and Rev. E. B. Fox of Didsbury presented the local organization, extended a welcome on behalf of the local group.

HOCKEY TEAM TO PRACTICE THURSDAY

Didsbury's entry in the Chinook Hockey League, will hold its first practice of the season in the Olds Arena on Thursday night, starting at 6:15 p.m. Former members and any other players who would like to try out for the 1957-58 edition of the Ramblers are asked to make sure you're on time.

The ice is only available for a certain length of time and every minute costs money. The league schedule has not been released as yet but it is expected in the near future.

Midway News

(From Our Own Correspondent)

The Midway graduates of 1957, Beverly Thompson and Sandra Brander were guests of honor Friday evening at a concert presented at Lone Pine school.

Musical and vocal selections were rendered and a cantata of Paul Bunyan and his lumberjacks by Mr. Schellenberg's room; music by Mrs. T. Patterson.

The girls received sweetheart lockets as a remembrance from Midway school.

Allan McNeen is a patient in the Didsbury hospital, following recent surgery.

Little Margaret McNaughton is home after a stay of several weeks in Didsbury hospital.

FALLEN TIMBER

(From Our Own Correspondent)

At a recent Sunday service in the Fallen Timber church, the infant daughter of Mr. and Mrs. Francis Adams was christened Lorna Marie Adams.

Allen Adams and Mr. and Mrs. Johnny Howton and family were recent supper guests at the home of Mr. and Mrs. E. Loughheed.

Supper guests recently at the home of Mrs. Emma Wright were Mr. and Mrs. Joe Teynor and family, Mr. and Mrs. Bob Moore and family, and Mr. and Mrs. Johnny Howton and family. Mrs. O. Moore was also a guest.

Mr. and Mrs. M. Morrison were Sunday guests at the home of Mr. and Mrs. S. Morrison and family.

Mrs. Janet Pyten and Katherine were Calgary visitors Monday.

Mrs. Arlie McAffin took over the teaching duties at the Fallen Timber school Monday morning.

Mrs. Edith Luft had to take a leave of absence due to illness.

The November meeting of the U.P.W. was held at the home of Miss Margaret Money recently with 12 members present. It was decided to send a Christmas box to Rev. Bud Charlier to distribute among the Indians. Also to put doors on one classroom of the church. The next meeting will be held at the home of Mrs. Irene Teynor on December 28.

Colleen Teynor was a weekend visitor at the home of her parents, Mr. and Mrs. Ben Teynor.

Brian Moore of Sundre, and Monty Moore of Calgary, spent the weekend with Danny Howton.

Miss Anita Money was a weekend visitor with her parents, Mr. and Mrs. Bill Money.

A week ago Sunday evening, at approximately 11:30, a tremendous explosion was heard and a powerful flash of light was seen by many in the district. So far no one has come up with the answer to what it was. Any suggestions? We hear it was also felt and seen by many in Sundre.

TODAY'S JOKNIK ! ! !

It may be true that George Washington never told a lie—but there were no income taxes then.

Board Of Trade To Send Brief . . .

(From Our Own Correspondent)

At a meeting of the Didsbury and District Board of Trade, held on Monday evening, the proposed eastern highway hook-up, a move to have the road run straight east of Didsbury, where it would connect with the No. 9 highway at Morrin, and would follow the main trail to Saskatoon and Eastern points, was thoroughly discussed.

A survey has pointed out that it is the most logical route, especially many curves and curves that would have to be battled with should the highway be constructed from other suggested points. A committee was set up to present a brief to be presented to Highway Minister Gordon Taylor.

The kiddies' Christmas treat deal for Christmas (wallpaper, electrical appliances), and the farmers' bonspiel also came under the gavel. These problems seem to be well under control.

The feeling of the meeting was that store close at 6:00 p.m. on Saturday nights, starting the first week following Christmas. This program was set up to investigate the possibilities of such a move.

Road signs and the question of bringing a dentist to Didsbury also came in for much discussion. A report on most of the above-mentioned suggestions and problems will be aired at the next meeting of the board.

The question of Saturday afternoon shows was brought up and a committee was set up to investigate the possibilities of such a move.

Road signs and the question of bringing a dentist to Didsbury also came in for much discussion. A report on most of the above-mentioned suggestions and problems will be aired at the next meeting of the board.

Henry "Stopper" Corke, 45, London, England, who admits he steals for a living. With him is his son. A court has ruled Corke is legally subject to pay unemployment contributions as a non-employed person. Corke was fined \$5.00. He denies he is jobless and says he steals, with 23 convictions to prove it. His "income" is \$5,600 a year.

Knox Evening Group Make Plans For Bazaar

(From Our Own Correspondent)

Knox Evening Group W.A. met in the church Monday, Nov. 25th, with 18 members present.

Plans were completed for the annual tea, bazaar and bake sale, to be held in the church basement on December 7th. Mrs. McArthur, Mrs. Campbell and Mrs. Reinhardt were appointed a nominating committee to draw up a slate of officers for 1958.

The December meeting will be held on the 16th, and members are reminded that lunch will be pot luck. The usual exchange of a 50-cent Christmas gift will also take place.

The group then joined the Afternoon Group and discussed the possibility of amalgamating the two W.A. groups, but decided against this for the time being.

Mrs. Ford of Carstairs was present and outlined the program followed by The Women's Federation in Carstairs, which is the joint W.M.S. and W.A. organization.

The devotional, entitled "Endurance", was given by Mrs. Ella Andrews.

Jackson W.I. Hear Report On TV Watching

(From Our Own Correspondent)

Mrs. Clara Armstrong is at present visiting with Mr. and Mrs. Bill Crawford at Cochrane.

Miss Shirley Clark of Berne spent the weekend with Miss Owen.

Arthur Knights took a week off and visited with friends and relatives in Calgary and Black Diamond.

The Hartman women's club met at the home of Mrs. Dave Morgan on Nov. 27th, with 11 members present. Plans were made for doing repairs to the hall and organizing a "bee" in the near future.

As this was the Christmas meeting, an exchange of gifts took place. Door prize was won by Mrs. Warren Conrad.

Next meeting to be held at the home of Mrs. Noakes on January 29th.

Another rig "spudded in" this week on the John Morgan farm; one crew also started work on Bob Turnbull's land.

The Christmas service will be held at St. George's church on Sunday, Dec. 15th at 11:30 a.m. Rev. E. R. Doyle will officiate.

This will take the form of a church service and carols will be sung by the congregation, assisted by members of the choir of the Anglican church in Olds.

RADIO-ACTIVE FALL-OUT —

Civil Defence Series Starts This Week . . .

The following is the first in a series of articles which will appear in these columns during the following weeks, and which are published as a public service by this newspaper.

The articles are prepared by the Director of Civil Defence for the Municipal District of Mountain View No. 49. Mr. William Bannall, and in these days of strained international relations will be of interest to the farming communities of this municipality, and it is sincerely hoped will assist the rural population to better understand their position should war come.

Fallout: Background — Most Canadians know about the destructive power of atomic and hydrogen bombs and other nuclear weapons. The explosive power of atomic bombs used in World War II was equivalent to about 20,000 tons of TNT. Since then, bombs have been developed that have explosive power equivalent to millions of tons of TNT.

An enemy attack with a nuclear weapon could cause radio-active contamination many miles downwind from the target area. Radio-active particles produced by the bomb may give off destructive rays, which in certain situations can injure, or kill, human beings and animals — and can make farm lands and crops dangerous to use. These particles are called radio-active fallout.

Fallout could settle anywhere — even in the most remote parts of the country. If large industrial centres were bombed with hydrogen weapons, it is likely that small towns and rural areas in the downwind path would be endangered.

Fallout may or may not be visible, and the radiation from the active elements can be detected only by special instruments. Because of this you will be notified through regular Civil Defence channels just when your lands lie within the path of harmful radio-active contamination.

There is a defence against fallout — on the farm and in the home. The following questions and answers will help you to understand the nature of fallout and, in the event of enemy attack, will help you to protect yourself.

Next week look for an article describing "What Happens When A Nuclear Bomb Explodes!"

Mr. and Mrs. Rudolph Goetjen visited on Sunday evening at the Herbert Goetjen home where the latter family are under the weather. Seems as if everyone was out hunting during the past week and many came back with their quota.

The Jolly Juniors Girls' Club meeting will be held on Friday, Dec. 13th at the home of Christine and Evelyn Fry. Remember your Christmas gifts.

Fallout could settle anywhere — even in the most remote parts of the country. If large industrial centres were bombed with hydrogen weapons, it is likely that small towns and rural areas in the downwind path would be endangered.

Just For The Record . . .

Sounds a little screwy to be talking about things we don't know too much about but we're famous for that fault in this column. No one has yet built a Sputnik to send us aloft, but we expect an invitation any day to visit someone's space ship for a one-way trip to the moon. What did we start out to say, oh yes! Is it true that there is a building in town which could very easily be made into a recreation centre for the younger set? We overheard it could be had at a fair price — within the range maybe of the service clubs, with a possible assist from other bodies. This one is worth investigating before we leave for outer space.

Just For The Record . . .

Seems like it's that time again, time to get the colored lights out and decorate for the fast-approaching festive season. We understand the Board of Trade are advocating a "light up for Christmas" campaign — let's go along with them and let everyone know that the Holy Night draws near.

Just For The Record . . .

We were sitting here peeking at the telephone on the desk when a few silent thoughts passed thru the balding noggin. Fascinating sort of an instrument, isn't it? When you're alone, when you're tired or languid, or when you're in a celebrating sort of a mood — do you reach for your silent partner? Maybe just to talk to a friend or loved one who is not within shouting distance — to tell them of a joy, or sorrow, or just to say hello? According to our 'phone bill we are one of the silent partner's best friends. We don't mind paying his wages. Whoops, it rang, and someone took a swing at us for a wee mistake we had made. Maybe we should have it disconnected.

And A Friendly Nod . . .

To the husband who had the nerve to come thru with this one: "My dear, I paid \$500 for this beauty treatment and already I've been taken for a movie star." The answer from behind the morning paper was: "You've been taken — for \$500."

Mt. View Farm Purchase Board Meets

The organization meeting of the Mountain View Farm Purchase Board was held at Didsbury, Thursday, November 28th, 1937.

Board members are: E. B. Dodd, municipal representative; W. D. Turnbull, treasury representative; J. J. McCardell, agriculture representative. Mr. E. B. Dodd was appointed chairman and J. Riddoch, secretary-treasurer of the Board. By-laws of the Board were drawn up and several applications for loans were reviewed. Before passing any loan it was felt that both owner and purchaser should be given full details of the plan. It is suggested that both parties attend the next meeting of the Board on December 18th, 1937 or call at the Municipal Office prior to that date for full information.

The following is a brief outline of the plan:
The purchaser will make a cash payment of 20% of the full purchase price, the remaining 80% to be paid in equal payments over a period of 20 years, plus interest at the rate of 5%.

The owner will receive 20% of the purchase price when Title to the land is turned over to the Board, when all documents have been registered he will receive an additional 40% — the remaining 40% will be paid over a period of 20 years with interest at the rate of 4 1/2%.

It will be noted that the interest rate to the purchaser is 5% while the rate payable to the owner is 4 1/2% — interest of half of one percent will be used to set up an insurance fund. In the event of the death of a purchaser during the term of agreement the fund will be used to pay any outstanding balance in full.

The full purchase price is payable to the Board and no separate agreement can be made between the owner and purchaser.

No loan will be made on lands presently owned or for the purpose of paying off present mortgages.

The Municipal District will guarantee 20% of any loss, the Provincial Government 70% and the owner must be prepared to stand any loss up to 10%.

ANOTHER CHUCKLE

The teacher looked sternly at the boy: "I am told you went to the movies yesterday instead of coming to school."

"That's not true," said the boy, "and I've got a fish to prove it."

SERVICE

BOARD

NOTES

By —
W. K. SNYDER
Agricultural
Service Board

COYOTE CONTROL: The Agricultural Service Board has again discussed the matter of putting out 1000 poison baits, at the meeting held on Nov. 27th. We had plans all finalized to kill a horse and use the meat for coyote baits, but in the light of certain developments we have decided not to proceed with this plan at the present time.

Since numerous farmers were unable to complete their harvests this grain is still out in the fields in either swath or stock. Hordes of mice are breeding in these swaths and stocks and we feel that the presence of some coyotes to feed on the mice might be a good thing.

However, for any poultry or stockmen who are being molested by coyotes we still have a solution to your problem with strychnine pellets and cyanide guns. You can use these devices on your own land at any time to control any coyotes that are marauding your flocks of poultry or sheep.

These devices are fully effective, easy to handle and we supply you with them free of charge. All you need to do is contact me at my office in the municipal building and I will gladly arrange to give you a demonstration on the safe handling of these poisonous devices and issue a permit for you to set them out on your own property.

In Canada in 1936 more than twice as many men as women died of tuberculosis.

A WEDDING ISSUE

Two young ladies were discussing a recent wedding party at which an infant was just about monopolizing the spotlight. Says one young lady to another:

"Aren't babies a perfect nuisance at a wedding?"
Says the older young lady: "I should say so. When I send out the invitations to my wedding, I shall have printed on the corner, 'No babies expected!'"

Come and Bring Your Friends

THE
Homemaker

By HELEN HOWARD

District Home Economist
 Hi Homemakers:-
 Do Your Sweaters Have
 That Fussy Look?

Sweaters of man-made fibres
 (e.g. nylon and orlon) often be-
 come unsightly because they de-
 velop "pills" or balls of fluff that
 give them a most unattractive ap-
 pearance. It appears however (ac-
 cording to consumer research) that
 a good shave with a safety razor
 will make such sweaters wearable.

Place your sweater, after it has
 been washed and dried, over a firm
 sofa pillow and shave off the balls
 carefully by working at a small
 area at a time. It takes a little
 time and patience and sometimes
 more than one razor blade. It is
 important to keep the surface flat
 so as not to nick or cut the knitted
 loops. An upward motion is found
 to be more effective than an up
 and down stroke.

Facts In Floor Protection:-
 Good news, ladies! These sea-
 sons of rain and snow cause such
 woe for your hall rugs and floor
 coverings. A new clear vinyl carpet
 protector, under the commercial
 name of Fabrilite will make its
 appearance in Canadian stores this
 fall. It will be sold in 30-inch
 widths; is ribbed so it will stay in
 place; is so light that it can be
 easily rolled up and stored when
 the weather is dry. Fabrilite
 is transparent so you can see
 the carpet through it and is easily
 cleaned with a damp mop or quick
 dip in the tub. The same trans-
 parent covering can be used to pro-
 tect surfaces in kitchen or laundry
 room.

Here's the recipe I promised you
 last week for:-

White Fruit Cake

4 cups flour

2 cups sugar

1 pound butter

12 eggs

2 large bottles Marshmello

cherries

1 pound of sultanas

1 pound peel

1 pound almonds

6 slices sliced pineapple

1 teaspoon salt.

Juice and rind of 1 large lemon

Method:- Cream butter and

sugar. Add eggs one at a time and

beat. Sift flour and salt together

and combine with egg mixture. Add

fruit. Bake in small pans or one

large pan in a moderate oven

(300-325 deg.).

Slicing Peel For Fruit Cake

Slice peel into very thin slices

and then cut slices into narrow

slices into narrow pieces of match-

stick width. This way the flavor is

distributed evenly throughout the

cake rather than hard bitter chunks.

Smooth Top For Fruit Cake

Save out about one cup of batter

before adding fruit and nuts.

When cake is in the pan spread

smooth batter over top. This

makes icing easier.

o

NO ACCIDENT! ! !

"Ever had an accident?" a city

feller asked Ol' Hannibal the other

day.

"Never had an accident in your

life?"

"Nope. A rattler bit me once,

though."

"Well don't you call that an ac-

cident?"

"Nope. A rattler bit me once,

bit me on purpose."

Board Suspends
1080 Program

At a regular meeting of the Agri-
 cultural Service Board of the Mu-
 nicipal District of Mountain View
 No. 49, held on November 27th, 49
 was decided to suspend the 1080
 poison program for this year in an
 effort to ascertain whether or not
 coyotes had any effect on the
 serious mouse hazard that now
 prevails.

It was reported that car-loads of
 cattle were being shipped into the
 district from other provinces, with-
 out first being tested for Bangs
 disease. The field supervisor was
 instructed to investigate and take
 action in accordance with the pro-
 visions of the Act.

Also reported was the fact that
 veterinarians, other than those un-
 der contract, were vaccinating
 cattle in the southern part of the
 district and as no report was made
 by these persons it resulted in a
 loss of the government grant. This
 matter will be investigated im-
 mediately.

The fall vaccination is well un-
 derway and should be completed in
 the near future.

PLANNING ALBERTA COMMUNITIES

Alberta's development has not been confined to the large cities. Towns and rural areas
 also reflect the growth and the problem of systematic planned expansion that go with
 it. The Government accordingly established the Provincial Planning Advisory Board in
 1955 to determine planning policies. These policies are administered by the Town and
 Rural Planning Branch of the Department of Municipal Affairs. The technical advice and
 assistance of the Branch is available upon request to any Municipality under 5,000
 population which is not a member of a District Planning Commission. An aerial survey
 is made of the community from which contour maps are prepared. Plans are then made
 for subdividing and zoning. Detailed layouts for housing and commercial areas are
 drawn up. In addition a report based on economic and population surveys is prepared
 for a planning period of ten years. Proposals for the orderly development of the
 municipality are included in this report. One half of the cost of the aerial survey is the
 only expense borne by the municipality representing a small percentage of the total cost
 for this complete service.

ASSESSMENT BRANCH

Uniformity in assessments for municipal taxation purposes is a problem which has long
 existed. The Assessment Branch of the Department of Municipal Affairs was formed in
 1955 to achieve this end. Since its inception many changes have been incorporated to
 keep pace with the growth of Alberta. It has also been necessary to alter assessment
 methods in view of the new types of construction and building techniques presently
 being used. Practically all of the towns and villages in the province have requested
 departmental assistance for taxation and other purposes. Rural assessments are not
 undertaken by Branch assessors although under certain conditions the government pays
 50% of costs. Urban areas are required to pay one-half the cost of assessment, with the
 government paying the remainder, notwithstanding who carries out the work, whether
 a municipal or government assessor. Assessment Branch sub-offices have been established
 at Red Deer, Grande Prairie, Calgary and Lethbridge to ensure close liaison with the
 local municipal officials, as well as to give advice and assistance to appointed municipal
 assessors.

INSPECTION BRANCH

The Department of Municipal Affairs Act requires the books and records of every
 municipality to be inspected at least once a year. This is the responsibility of the
 Inspection Branch and all assessment and tax rolls, minute books, by-law registers, cash
 books, bank books and any other records the Inspector may require of the Municipality
 are examined. Assistance and advice on procedure for effective administration of the
 municipality is an important service of the Inspection Branch. In cases of where new
 towns, villages, municipal districts or counties are incorporated a member of the
 inspection branch may act as administrator of this new unit until the council has been
 elected. Each year an annual report is prepared by the Inspection Branch in which is
 incorporated the financial statements of every municipality in Alberta.

These important service branches are also part of the Department of Municipal Affairs.

DISTRICT NEWS**M.V.B.C. NEWS**

(From Our Own Correspondent)

This has been a busy week at the college again. On Monday evening the students attended the Youth for Christ meeting in the church where a fine picture was shown. On Tuesday evening Mr. Wiggins took pictures of all students whose picture had not been taken in previous years, and on Thursday evening the various groups had their pictures taken in the chapel. Mrs. Ormand Sherick and Miss Doreen Wolfe are co-editors of this year's student annual and are efficiently organizing the work of getting pictures ready early in the year. The assembly will be ready in the spring and promises to be very good this year.

We had the privilege of having Rev. Haas as guest speaker in chapel Wednesday of last week. He held evangelistic services in the Mountain View Church during the past two weeks.

Rev. R. P. Dimer is closing a series in the Cremona church also. He has been a guest in the college during this time and spoke in chapel on Friday morning. Mr. Dimer will be back in this conference next year and we are looking forward to him being with us then in our daily chapel services if at all possible.

Two of the girls who came farthest to the school are guests of Mr. and Mrs. P. Waldin in Calgary this last weekend. They are Miss Margaret McGinnis of Collingwood, Ont., and Miss Frances McEldan of Yakima, Wash. These girls will be with us during the Christmas vacation, as will Fred Martin from Yakima. Distance forbids their return home for the vacation season.

On Friday night the students of Bevan College, Calgary, were the guests of the students of Mountain View Bible College. Over 100 young people met in the dining room for games and songs. Following this the young men were conducted through the men's dormitory and the young women were taken through the girls' dormitory. They also visited the married couples in their apartments, as well as being conducted through the class rooms and library.

They returned to the dining room for devotionals, in which the Bevan young people took part.

Lunch was served, trays being nicely arranged by our social committee for the guests. Martin Traub, convener of the social-recreation committee for the Associated Student Council was in charge of the evening, and Miss Edna Dietz and Miss Muriel Crown were in charge of the food. It was a most enjoyable evening.

On Thursday evening the American Thanksgiving was celebrated in the dining hall for the sake of the Americans within our midst. A turkey supper was arranged by Mrs. Kassy and Mrs. Lynn Thurnberger was on duty to prepare it with her. Tables were artistically arranged and all who have a part in the work of the school were present for the occasion. Numbers relating to Thanksgiving were presented by American students.

President Taylor expressed appreciation to them for their kindness and thoughtfulness in presenting such an excellent program.

LIGHT YOUR WAY WITH BIBLE STUDY

One day Jesus said to Martha of Bethany: "Martha, Martha, thou art careful and troubled about many things; but one thing is needful. Permit me to apply these words to the present Christmas season.

If ever there was a season when the Christian is tempted to place first things last and last things first, it is the Christmas season. It seems we can hardly escape it. The pre-holiday world in which we are living is moving faster and faster. The very air which we are breathing is charged with the spirits of nervousness. We are caught in a whirlwind of "satellites", world-moons, and "spunkies." Our homes are becoming restless. Mother no longer wants us in the kitchen because she is rushing around baking. The children are cramming for exams and programs. Everybody is busy cleaning the house. What a busy life.

All these activities, plans and parties, if we do not properly subordinate them, will so befuddle our thoughts and minds when the festive days are over and the haze of hurried excitement has been lifted, we shall find ourselves not spiritually stronger but physically weaker. We shall have succumbed to the triple X of a pagan Xmas: the modern excesses of "restlessness," "extravagance," and "exhaustion!"

May we plead with you, as we stand upon the very threshold of Christmas, that no matter how many external crowd in upon you, let none of them crowd out the "one thing needful." Let us keep CHRIST in Christmas, first, last, and always.

OREMONA NEWS

(From Our Own Correspondent)

Alan Coleman had the misfortune to injure his foot last week while working in the bush.

Mrs. T. Graham Jr. spent several days in Calgary last week.

The annual banquet of the Credit Union executives was held in the Legion hall Saturday evening. Mr. and Mrs. E. Heath were guests of honor. Mr. J. R. Halsey was chairman. It was a dual celebration as Mrs. W. Post was present, and for her it was a birthday celebration also.

Mr. and Mrs. E. Casbeer were Grande Prairie visitors last weekend.

The Sunday school program for the United Church is to be held in the church on the evening of Dec. 15th. The Christmas church service is to be at 2:30 in the afternoon of Dec. 22nd.

The bi-monthly meeting of the Sewing Circle was held at the home of Mrs. J. McBein on Nov. 27th.

Mrs. Marion Reid is under the doctor's care because of a heart condition; her doctor notes some improvement but advises a slow pace for a few weeks.

Jeff and Beverly Dunphy, students at Red Deer, were home for the weekend.

Mr. M. Hewitt returned Friday from a visit to Toronto. He took the special train along with some 200 people, to the Royal Winter Fair.

The exhibits were outstanding, Mr. Hewitt said. He noted with special interest the cattle entries from Alberta. In his opinion they compared favorably with any of the others. The horses did not make as good a showing. The prize wheat resembled good winter wheat because of its plumpness.

The fair grounds cover 35 acres. Of great interest to Mr. Hewitt were the flower exhibits; they covered the space about a block and were so beautiful as to defy description. He spent half a day examining them.

From Toronto the tourists were taken to the Ford plant where they witnessed the complete assembly of an automobile. Mr. Hewitt then visited Hamilton, Niagara Falls and found along the side of the St. Lawrence Seaway. Points of interest that claimed his attention were two cemeteries and a town that had been moved about five miles to make the seaway possible, and the huge dam which has been built in connection with the project.

Mr. Hewitt detoured from the path of the regular tourist when he journeyed to Montreal to see his son, Lawrence, and family.

REALLY WAS SERIOUS !!!

After church service in a neighboring town, a member and a visitor discussed the new minister. "Why did you let the other pastor go?" the visitor asked.

"Oh he always preached that if we didn't mend our ways we should go straight to hell."

"But that's just what this minister said today."

"Yes," replied the member, "but the other one acted as though he were glad!"

Little Items of Local Interest

Mrs. E. Dupont Sr. left Monday for Leominster, Mass., to be with her mother, Mrs. J. Des Jardines, who is very ill.

Mrs. H. Halliday left Wednesday for Edmonton, where she will visit with her daughter Patricia, for a few weeks.

Mrs. L. J. Wriglesworth of Calgary was a weekend visitor with relatives and friends in town.

Mr. Don Nichol, son of Mr. and Mrs. F. Nichol of Didsbury, has taken over as manager of the Royal Bank at Standard, Alta. Don had been stationed in Calgary prior to his transfer.

Mr. E. Coombe, of Big Prairie, received a message last week to inform him of the death of his mother, who passed away in Wiltshire, England, on November 21st.

Mrs. George Mullen was an Edmonton visitor on Friday, where she attended a special meeting of the Alberta Federation of Poultry Producers. Mrs. Mullen represented the Alberta Hatching Egg Producers Association, of which she is a member of the board of directors.

Mr. R. Cowling, formerly with the Royal Bank staff at Devon, has moved in to take a position on the staff at the Didsbury branch.

WESTERDALE NEWS

(From Our Own Correspondent)

Mr. Art Jackson, Mr. Roy Smallwood and Mr. E. P. Jackson left last Thursday on a hunting trip to the west country.

Mr. and Mrs. W. Herbert and Mr. and Mrs. R. Jackson motored to Red Deer to attend Sim's auction sale last Thursday.

Mr. Bill Wisley of Red Deer is off work and is visiting at the home of Mr. Will Wisley and F. J. Jackson.

South West Didsbury

(From Our Own Correspondent)

Mrs. George Meyer and George left last Monday for Edmonton to visit with Mr. and Mrs. J. J. O'Brien and family.

Miss Grace Hunsperger was a Sunday afternoon visitor with Mr. and Mrs. Lynn Hunsperger and family.

MELVIN NOTES

(From Our Own Correspondent)

Mrs. E. Dupont Sr. left Monday for Boston to visit her mother, who is critically ill.

Some trigger-happy individual shot an insulator of a power pole near the Melvin hall on Sunday, causing a power failure for some three hours. A film being shown at the time in the Westcott church had to be left unfinished. Being just at noon-time many others were also inconvenienced. We hope the culprit will find better game in the future, or at least change his hunting grounds.

Mr. Ross Youngs was a Calgary visitor on Tuesday.

Congratulations to Lester Krebs — winner of the top carnival prize.

Mrs. D. Johnston and her sister, Mrs. D. Stewart, enjoyed a short vacation in Vancouver. They returned home Friday.

We're glad to see Russell McRae back at school again after missing more than a month's time with a broken arm. It is still in a cast.

Coming Events
